**5.0** ★★★★★ (142) ^

SWET NISHA(ADVOCATE)PATNA HIGH COURT

★★★★★ (LAPROSCOPIC SURGERY FOR OVARIAN CYST)

Doctor Uttam sir and her staff members including her wife Jyoti Mishra mam is very very responsible and very humble. Doctor sir made my operation successful in a very critical situation saving my left ovary in emergency situation by removing my 12 cm left ovarian cyst only by leproscopic surgery. Sir and mam both are very polite and humble and very to the ground. For me he is like God for me in my very critical situation( near about death). All thanks to him. And God Bless both mam and sir infinitely. Niva hospital itself is one the best as compare to other big hospital in patna.Highly recommended from my side.

RAGHU PUNGAWA

★★★★★ (LASER SURGERY FOR PILES)

My mother had chronicle Piles,we have tried a lot of options earlier like ayurvedic, homeo, allopath etc, bt due to prolapse type protrusion of skin, no medicine can cure it, and she suffered a lot in hope ki dawa se thik ho jayega, bt nhi hi hua...finally we reched to dr uttam for casual visit, bt his intent, clarity, and precise diagnosis has impressed us , he clearly suggested us that natural body part me utna hi tampering karna chahiye , jis se disease remove ho, body part nhi, specially in senior cetizen patients like us.. So, we decided for surgery from him, after surgery he removed obstruction and extra skin only and kept his words as it is, now it's almost one year has passed , and she blesses him, ki aaj unke karan hi itne aaram se wo pain and disease free hai.. Thanx doc, thanx Niva hospita

Mishra Anshal Kashyap (ADVOCATE) HIGH COURT

★★★★★ (LAPROSCOPIC SURGERY FOR GALLBLADDER STONE)

The Hospital, Doctors and the staff is very trustworthy and helpful. You can completely count on them. They have friendly environment and hygiene level is almost perfect. It's said that a surgeon's hand is a god's hand and yes I felt it. Recently my father was operated for gallstones, just in two days he started walking and is completely normal. Thanks to Niva Hospital.

Suchita Suman

★★★★★ (VARICOSE VEIN'S)

Best hospital for Surgery of **Varicose veins** and Piles in Patna at affordable price. Doctor is very caring. Behaviour of Staff is also very good. Deluxe, Semi deluxe rooms also available. RO water and washroom facility available. Rooms and Washrooms are cleaned daily. Post Operative care is also good. Post operation you can contact doctor for any consultation through their conatct number. Medicine shop is also available in the hospital. Xray, Ultrasound and other test facilities are aavailble near by in 0.5 km range.

Amit Raj

★★★★★

Dr. Uttam Pathak Sir, besides being a brilliant doctor, is also a wonderful human being. I am a patient who was making rounds of Pavapuri Medical College for three months for surgery but the poor fellow was facing continuous disappointment. Then I spoke to Niva hospital, Doctor Sahab called me with Ayushman card and operated three critical surgeries and my patient was successfully operated. Today my patient is completely healthy. Thank you so much Niva hospital (Dr.Uttam Pathak sir)

★★★★★

### (FISTULA SURGERY)

I had my fistula surgery using the Kshar Sutra method at Niva Hospital and had a very good experience. The doctor is patient, listens carefully to every query, and explains the treatment clearly, which gives confidence to patients. The staff are polite, **cooperative**, and supportive during the entire process. The hospital is clean, hygienic, and well maintained. It also offers a range of general and laparoscopic surgeries. Overall, the environment is professional and patient-friendly. I would recommend Niva Hospital for quality treatment and good patient care.
